EN 16139-1728-2:2009 (16139) - Seat and back durability

NEN-EN 16139 - Seat front edge durability test

## PRODUCT INFORMATION

### WATERRESISTANCE

The seating of the Unusual chair is made of recycled textiles and biological fibres in combination with a biodegradable matrix. The compression moulding makes the seat a solid material. The material is splash waterproof.

### AND CLEANING

For the cleaning of the surfaces, use a light-moist cotton or microfibre cloth. Then carefully wipe off and rub with a clean dry cotton cloth. or make use of a feather wispher against dustgathering. This should be done regularly as dust can gather on the seating. To clean a specific stain we recommend intervening immediately and using an organic solvent (ex. trichloroethylene). Do not use abrasive sponges as they may felt the product surface. Avoid using acidic products, solvents and products containing ammonia. Periodic and correct maintenance allow the product to keep its original aspect and lengthen the duration of its performance.

### LAW PROVISIONS

This product card complies with the provisions of the law by decree 206/2005 (Consumer Code) and with the corresponding Ministerial Decree nr.10. It complies also with memorandum nr. 1 dtd. 03.08.2004 "Instructions to fill in and distribute the product card of wooden products and of wooden and furniture sector".
