

# Harbour Chair

## SoMe Captions

- Sit down and stay awhile. The Harbour Chair by Norm Architects envelops you in modern comfort. Upholster it or keep it bare, then choose your wood or steel base.
- A sublime sit. Elegant, modern lines. Dining in has never looked or felt so good. Designed to slide comfortably under most tables. As a chair should.
- The Harbour Chair strikes the right balance at work thanks to its multi-functional nature.
- Find your safe harbour. The Harbour Chair by Norm Architects is at home anywhere – and makes sure you feel the same. Upholstered or bare seat, wood or steel base. Make it yours.
- Modern spaces are versatile. The Harbour Chair is too. Norm Architects made the ergonomic shell (upholster it or not) and elegant bases (steel or wood) ultra-lightweight, so you can take your new favourite seat wherever you want it.
- The Harbour Chair does it all: energises you in the morning, helps you plug in during the day, and welcomes you to unwind at night. All you have to do is choose your style: upholstered or bare shell, wood or steel base.
- Hygge starts with comfort. Comfort starts with Harbour. Norm Architects' Harbour Chair pairs an ergonomic form with good looks to help make every meal an occasion.
- Clean lines. Diverse, tactile materials. A sublime sit. The Harbour Chair was conceived with all these elements in mind to create the ultimate, versatile, easy-going armchair for modern spaces.
- Originally created by Norm Architects for MENU Space, MENU's new creative destination in Copenhagen's Nordhavn Harbour, the Harbour Chair pairs exceptional comfort with a strong profile.

Call to action: Explore all the seat and base options and find your dream Harbour here.

- The Harbour Chair can be left bare or upholstered, with four elegant base styles in solid oak or powder-coated steel inviting further personalisation. The low, ergonomic armrests not only enhance comfort, but also allow the chair to be tucked all the way under standard dining tables.
